REVIEW ENGAGEMENT REPORT

To the members of **Michael Cuccione Foundation**

We have reviewed the statement of financial position of Michael Cuccione Foundation as at December 31, 2009 and the statements of operations and changes in net assets and cash flows for the year then ended. Our review was made in accordance with Canadian generally accepted standards for review engagements and accordingly consisted primarily of enquiry, analytical procedures and discussion related to information supplied to us by the Foundation.

A review does not constitute an audit and consequently we do not express an audit opinion on these financial statements.

In common with many non-profit organizations, the Foundation derives most of its revenue from fundraising and donations, the completeness of which is not susceptible to satisfactory review verification. Accordingly, our verification of this revenue was limited to the amounts recorded in the records of the Foundation and we were not able to determine whether any adjustments might be necessary to this revenue, excess of revenue over expenses, assets or net assets.

Based on our review, except for the effect of adjustments, if any, we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the revenue referred to in the preceding paragraph, nothing has come to our attention that causes us to believe that these financial statements are not, in all material respects, in accordance with Canadian generally accepted accounting principles.

The Foundation considers its net assets as its "capital" for the purposes of this disclosure. The Foundation's objective when managing its capital is to safeguard the entity's ability to continue as a going concern so that it can continue to raise and disburse funds for charitable purposes. The Foundation meets its objectives by monitoring available resources and matching its expenditures accordingly. To maintain its status as a registered charity under the Income Tax Act, the Foundation is required to expend its previous year's "disbursement quota", on its charitable programs in the current year. It has complied with this requirement.

As per the Federal Budget on March 4, 2010, charities are no longer required to meet a "disbursement quota".
